

## Statement Sheet

I, \_\_\_\_\_, hereby submit this information sheet freely and understand that membership in the National Honor Society means upholding these high characteristics of Leadership, Scholarship, Character, and Service. I understand the privileges of becoming a member of this group, and I understand there is a degree of responsibility that comes with those privileges. My conduct in and out of school, for the past year and in the future, is what defines membership, and my conduct in and out of school, including summers, is what can get me removed or placed on probation, if I am granted membership.

I also realize that membership into National Honor Society will require me to attend morning meetings on time and work at various fundraising and community service projects. Failure to meet these requirements could result in being placed on probation or removal from the National Honor Society.

The information provided on my Student Information Sheet is accurate to the best of my knowledge. I realize that providing false information could result in termination of candidacy, or if later discovered and granted, membership in the National Honor Society.

As parent/guardian of \_\_\_\_\_, I not only understand the above statement, but I also understand the privileges of membership and the consequences of not upholding the characteristics of the organization. If my son/daughter fails to uphold the characteristics of the organization once a member, I realize he/she may be placed on probation or removed from the National Honor Society. Also, I understand that completing a Student Information Form and meeting the basic qualifications does not guarantee membership.
