### Principal's Message

We seem to be back into a regular routine at school now. Students were not hesitant at all to be back in school this year. Many have told me they were getting bored and were ready to return. I know that in some ways, the school year adds some stress at home, but it's also nice to have everyone on a regular schedule. Children typically do much better overall when they have set routines. If your child seems to be struggling, try an earlier bedtime and a little alone time with you beforehand enjoying a book together. This is an appropriate activity at any age and often leads to interesting discussions that can help you learn more about what your child is thinking and feeling. Hopefully, everything is going smoothly with your child's return to school. If you have a concern, please reach out to your child's teacher.

-Mrs. Roseberry
