Dear Parents and Guardians,

As you well know Governor DeWine ordered all Ohio schools to be closed starting Tuesday, March 17th-Friday, April 3rd. The district has a contingency plan in place for our teachers to provide quality on-line instruction, curriculum, and needed help Monday-Friday during school hours for the length of the break. Each principal will provide a document to their students and include it on the website detailing the Google Classroom mode of instruction staff members will be utilizing during this extended break. It is imperative that your child access and complete their assigned work on a daily basis in order for them to maintain their academic growth for the school year. As the days progress, the district will keep you abreast of needed information and/or modifications that are pertinent to various groups of students. At this time, all extra-curricular activities/events/practices are postponed until further notice.

It goes without saying that we as a school system deeply care about our students, staff, and school community. With that in mind the district is developing plans to offer breakfast and lunch to our free and reduced students in some form or fashion. The district will share these plans as they are finalized in the next few days. In conclusion, if you need assistance during this extended break, simply email our teachers, school counselors, or principals with your concerns. Together we will persevere through these adverse circumstances!

Sincerely,

Ryan Maier, Hardin-Houston Superintendent
