Welcome to Hardin-Houston!

On behalf of the Hardin-Houston Board of Education, Administration and Athletic Department welcome to Houston High School for today's athletic event. We are excited for our girls and boys basketball teams as they embark upon this season striving to be competitive in every game. Let's keep that theme in mind as we ALL display positive sportsmanship. Let the kids play, the coaches coach, and the officials officiate! Enjoy today's game and GO WILDCATS!

Houston Athletic Boosters

Booster Officers

Michelle Garber

Parents: Please sign up to work in the concession stand.

The Houston Athletic Boosters organization plays an instrumental part in funding the athletic programs in the Hardin-Houston Local School District. The Boosters routinely spend as much as \$10,000 per year or more to help our athletic department meet its needs. Because of this, “pay to play” is not a part of our programs. Houston High School, through its athletic department, would like to extend its gratitude to the Houston Athletic Boosters and its members.

Your support of the concession stand and athletic booster fundraisers make it possible for the boosters to be so helpful to our school and community. Thank you for supporting the boosters. We encourage you to work in the concession stand. Please contact Michelle Garber at (937) 726-8153 or mgarber@hardinhouston.org if you would like to become an active member or help out in any way.

Houston Wildcat Business Patrons

The Houston Athletic Department would like to thank each and every business for their support of Houston Wildcat Athletics. The athletic department would not be able to function without the support of our wonderful Houston Athletic Boosters and the officers of that organization. In addition, the businesses listed below have helped support the athletic programs. The Houston Athletic Department and the Houston Athletic Boosters would like to thank these area businesses and recognize them as Houston Wildcat Business Patron.

Keeping Athletes Healthy and in the Game!

KRISTI WARD

Certified Athletic Trainer
Houston

"Kristi helped my daughter tremendously to get back into basketball after her injury/surgery. She was willing to go to appointments with us if needed, and has a good rapport with the different doctors at Wilson Health. She has been a good mentor for my daughters, who are now pursuing a degree in Athletic Training!"

Sports Medicine is a vital part of athletics, and our student athletes have a local Sports Medicine program provided by Wilson Health. Some of the many benefits of the Wilson Health Sports Medicine program:

- Certified Athletic Trainer on staff
- Outstanding Orthopedic Care
- A continuum of care with Wilson Health's Physical Therapy and Occupational Therapy
- Continuing Education Certification classes for coaching staff
- ImPACT (Immediate Post-Concussion Assessment and Cognitive Testing)
- Concussion Clinic
- Over 80 years of trusted care to our community

**The Official Sports Medicine
provider for Houston**

Your Role In Interscholastic Athletics

PARENTS

Communicating With Your Children

- Make sure your children know that win or lose, scared or heroic, you love them, appreciate their efforts and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their life they can look to for constant positive reinforcement.
- Try your best to be completely honest about your child's athletic ability, competitive attitude, sportsmanship and actual skill level.
- Be helpful but don't coach them. It's tough not to, but it is a lot tougher for the child to be flooded with advice and critical instruction.
- Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve their skills and attitudes. Help them develop the feeling for competing, for trying hard, for having fun.
- Try not to relive your athletic life through your child in a way that creates pressure. You were frightened, backed off at times and were not always heroic. Athletic children need their parents, so do not withdraw. There is a thinking, feeling, sensitive, free spirit in that uniform who needs a lot of understanding, especially when their world turns bad. If they are comfortable with you win or lose, then they are on their way to maximum enjoyment.
- Don't compete with the coach. If children receive mixed messages from different authority figures, they may become disenchanted.
- Don't compare the skill, courage or attitude of your child with other members of the team.
- Get to know the coach. Then you can be assured that the philosophy, attitudes, ethics and knowledge are such that you are happy to have your child under the coach's leadership.
- Remember that children tend to exaggerate, both when praised and criticized. Temper your reaction and investigate before overreacting.
- Make a point of understanding courage and the fact that it is relative. Some of us climb mountains and are afraid to fly. Some of us will fly but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear and discomfort.

Communicating With The Coach

Communication You Should Expect From Your Child's Coach:

- Philosophy of the coach
- Expectations for your child as well as all players on the squad
- Locations and times of all practices and contests
- Team requirements (fees, equipment, off-season conditioning)
- Procedures for injuries
- Discipline that results in your child's denial to participate

Communication Coaches Expect From Parents:

- Concerns expressed directly to the coach
- Notification of any schedule conflicts well in advance
- Specific concerns in regard to a coach's philosophy and/or expectations

Appropriate Concerns To Discuss With Coaches:

- The treatment of your child, mentally and physically
- Ways to help your child improve
- Concerns about your child's behavior

Issues Not Appropriate To Discuss With Coaches:

- Team strategy
- Play calling
- Other student-athletes

Appropriate Procedure For Discussing Concerns With Coaches:

- Call to set up an appointment with the coach (contact the athletic administrator to set up the meeting if unable to reach the coach)
- Do not confront a coach before or after a contest or practice (these can be emotional times for all parties involved and do not promote resolution)

What If The Meeting With The Coach Did Not Provide A Satisfactory Resolution:

- Call to set up an appointment with the athletic administrator or activities director
- Determine the appropriate next step at this meeting

Fans Fair Play Code

- I will remember that young people play sports for THEIR enjoyment, not to entertain me.
- I will not have unrealistic expectations and will understand that doing one's best is as important as winning. I understand that ridiculing an athlete for making a mistake is not acceptable behavior.
- I will respect the official's decisions and will encourage all participants to do the same.
- I will respect and show appreciation for the coaches and understand that they have given their time to provide sport activities for our young people.
- I will encourage athletes and coaches to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will show respect for my team's opponents because I realize there would be no game without them.

The Ohio High School Athletic Association

Serving member schools, coaches, student-athletes and contest officials since 1907

OHSAA Mission

To serve our member schools and enrich interscholastic opportunities for students.

Respect THE GAME

*Act with Dignity
Speak with Courtesy
Play with Pride*

Preparing students not for the next level of sports, but for the next level of life.

National Federation of State High School Associations

The OHSAA Believes That:

- Participation in interscholastic athletics programs is a privilege, not a right.
- Participation in interscholastic athletics programs complements a student's school experience and teaches lifelong lessons of hard work, teamwork and self-discipline.
- Participation in interscholastic athletics programs promotes citizenship and sporting behavior, instills a sense of community and promotes a lifetime appreciation for sports and healthy lifestyles.
- All students, regardless of ethnicity, race or gender, should have an equal opportunity to participate in interscholastic athletics programs.
- Sporting and ethical behavior are expectations in interscholastic athletics by all participants, coaches, administrators, officials and spectators.
- Coaches, administrators and contest officials should serve as positive role models who are critical to a student's development and success.
- In order to minimize health and safety risks and maintain ethical standards, it is mandatory that interscholastic athletics participants are free from use of anabolic steroids or other performance-enhancing drugs.
- All rules, regulations and facilities for and supervision of interscholastic athletics programs should ensure maximum protection of the health, safety and well-being of each participant.
- Limitations should be placed upon the length of sport seasons and the number of interscholastic contests played by participants.
- Students should engage in a well-rounded experience that encourages participation in a multitude of extracurricular activities.

- All attempts should be made to accommodate students with disabilities in interscholastic athletics programs.
- Compliance with all school, OHSAA and state regulations along with contest playing rules is essential for everyone involved in interscholastic athletics programs.
- Student academic achievement and success take priority over athletics achievement and success.
- The success of a team is more important than individual awards.
- Interscholastic athletics programs exist to prepare students for the next level of life, not the next level of sports.
- Participation in interscholastic athletics programs can be a once-in-a-lifetime opportunity and create memories that will last forever.
