Dear Parents or guardians:

As I am sure you have already heard, Governor DeWine declared that all Ohio schools will be closed for at least three weeks beginning Tuesday, March 17. Hardin-Houston has been in the process of preparing for this possibility, and we have a plan in place to continue offering education to our students.

Throughout the length of the mandated closure, our teachers will post assignments in Google Classroom. All of our students have learned how to access and use Google Classroom in their technology class and in some of the other classrooms. Our teachers will be available to help students with their assignments during regular school hours Monday through Friday. It is very important that all students continue to be active in the educational process during this time so they can continue to make gains and be prepared to move on to the next grade level in the fall. We understand that not everyone has access to a computer. There are other possibilities, for example, Google Classroom has an app that can be used on a smart phone, or neighbors and relatives may have internet/devices available.

If you have questions or concerns, please do not hesitate to contact me via email at roseberry@hardinhouston.org. This is new territory for all of us. I am certain that we will manage to get through it all together.

Sincerely,

Sara Roseberry, Principal
