Principal's Message

After a long, cold, snowy winter, we can certainly look forward to March and the potential signs of spring that it brings forth. After weeks of being stuck inside at recess and/or having just a small section on which to play, the students are thoroughly enjoying the ability to spread out and participate in their preferred activities.

We will wrap up third quarter in the first week of March. Fourth quarter brings Ohio State Testing for grades 3-6 and plenty of benchmark testing at all grade levels so that we can determine the amount of growth the students made over the course of the year. With the change in weather, it can be a challenge to keep students focused on learning and showing what they know. A reminder from home that the school year is not over until it is over can be beneficial.

-Mrs. Roseberry

Kindergarten Screenings

1st & 2nd Graders Presents
The Principal and the Pea Musical
March 12th at 2:00pm and 7:00pm

"The Principal and the Pea" tells the story of an elementary school that finds themselves in need of a new principal after their principal retires. The students devise the perfect plan to help the teachers pick. They want a principal who thinks like them so they make a taste test. They will hide a pea inside a bowl of soup and whichever applicant does not like it will be their new principal!

1st grade classrooms ended their Solid, Liquid, and Gas unit with a FUN and TASTY experiment - Root Beer Floats! Everyone had a fun and yummy time.
