Houston High School teachers, staff, and administration will foster a positive school culture, maintain high standards of academic success, and promote respectful behavior by consistently reinforcing our Culture Playbook and Student Handbook.

All teachers will work to increase student outcomes and prepare students to achieve proficiency on state assessments by integrating standards-aligned multi-step/multi-part questions in all content areas.

Continue the transition to utilize Science of Reading strategies for all students so that by 2024-25, K-3 ELA teachers will all use the strategies and 4-6 ELA teachers will use the strategies for all students not yet reading at grade level.

In an effort to encourage critical thinking, problem solving, and innovation in our students, each grade level will develop a quarterly stem project that reinforces cross-curricular content.
